### Recent advances in the use of paradata (process data) in social survey research:
Royal Statistical Society, London.  **05 December**

### PDE Models for Quantum Fluids:
Isaac Newton Institute for Mathematical Sciences, Cambridge.  **13 – 17 January**

### New Trends in Spectral Theory and Applications:
Cardiff University.  **18 – 20 January**

### New Methods in Geometry:
King’s College, London.  **10 – 13 January**

### Discrete Analysis: Embeddings Workshop:
Isaac Newton Institute for Mathematical Sciences, Cambridge.  **10 – 14 January**

### Torsors: theory and applications:
International Centre for Mathematical Sciences, Edinburgh.  **10 – 14 January**

### London Mathematical Society - Mary Cartwright Lecture:
Oxford.  **25 January**

### Teaching Statistics to Blackbelts:
Royal Statistical Society, London.  **12 February**

### Heads of Department Curriculum Summit:
HE STEM/MSOR, Birmingham.  **12 February**

### Measuring and Evaluating the Effectiveness of Mathematical and Statistical Support Provision Workshop:
SIGMA, Loughborough.  **11 February**

### Mathematics 2011:
IMA, London.  **March 24**

### 1st British Conference of Undergraduate Research:
University of Central Lancashire.  **April 19 – 20**

### 10th International Conference on Technology in Mathematics Teaching:
University of Plymouth.  **July 05 – 08**

### CETL-MSOR Conference 2011:
Coventry University.  **September 05 – 06**
