OR48 - The OR Society Annual Conference: 11-13 Sep, Bath.
Induction Course for lecturers new to teaching mathematics & statistics in UK HE: 14-15 Sep, Birmingham.
NCTM Central Regional Conference: 20-22 Sep, Chicago.

Induction Course for lecturers new to teaching mathematics in UK HE

14-15 September 2006
This induction course is aimed at people who have started teaching mathematics in UK higher education institutions within the last three years, whether they are new graduates or coming from industry or from outside the UK. In the past, attendance has been recognised as contributing towards some introductory institutional programme in learning and teaching for new staff (certificated or otherwise and depending on institution).

Topics will include:
- Teaching and supporting learning
- Design and planning of learning activities
- Assessment and feedback
- Systems to support learning
- The computer environment
- Sharing experience

If you would like to register for this event or find out further details go to:
