Mathematical Education of Engineers Conference – MEE2008
University of Loughborough, Sunday 6th – Wednesday 9th April 2008

The aim of the conference is to promote, explore and disseminate emerging good practice and research in the teaching of mathematics to engineering students.

This conference is the first time that the Mathematics Working Group of the European Society for Engineering Education and the Institute of Mathematics have jointly supported a conference on the Mathematical Education of Engineers.

CALL FOR ABSTRACTS NOW OPEN!

Conference themes include: Promoting Active Learning and Matching Assessments to Learning Outcomes. In addition to these two main themes, the scientific committee would be happy to consider abstracts on other topics related to the mathematical education of engineers.
